

How your money helps

The money raised from our House Clearance Service helps us to care for more patient and families across Lincolnshire, every day of the year.

Our charges help to cover the cost of labour and fuel, disposal of unsaleable items and disposing of un-recyclable items to landfill.

The money we make from House Clearances makes a real difference.

£50 will help to pay for the care our Hospice at Home team offers our community.

£100 will help to pay for patients to access vital therapy and support.

£200 will help to fund the exceptionally specialist care some of our patients need.

Full House Clearance

This is a chargeable service based on your individual requirements. We will arrange a convenient time to view the property and give you a personal quote for the full clearance service.

The fee will depend on the size of the property to be cleared, the amount of items for removal, if packing is required by our team and the proportion of saleable items.

- We will pack and remove all saleable items from the property.
- We will recycle as many un-saleable items as we can, before disposing of anything that is left.
- We will include the clearance of lofts, garages, sheds, and outhouses if required.
- We will accept white goods, washing machines, fridge freezers, dishwashers etc, providing they are disconnected first.

For an additional fee we will thoroughly vacuum, wipe all surfaces - including skirting boards – and leave the property clean and fresh for potential new owners or tenants to view.

"This is an excellent service that made an emotional time for me much easier. The team were friendly and efficient and I would have no hesitation in recommending you in the future."
